2 DAYS OF PUPPY LEARNING!

~ participation is appropriate for puppies between 12 weeks and 12 months of age~

Follow the Leda's PUPPY PALOOZA course includes a wide variety of educational activities for puppies and their human teammates.

Our curriculum is structured to maximize puppy learning by including both hands-on active training sessions *and* scheduled puppy nap times. *But no humans will be napping!* During the puppy nap times, humans will enjoy interactive lectures and participate in workshops geared to level-up dog training chops, troubleshoot challenges and learn how to set goals *and smash them!*

Puppy activities include . . .

Tricks and games to build confidence, coordination + balance.

Constructing enthusiasm for a multitude of reinforcers.

Recalls, recalls, RECALLLLLLLS!

Acceleration + Deceleration: understanding, flatwork and proofing.

Creating and maintaining a 'Reinforcement Zone'

We'll jumpstart your 'training appetite' by incorporating "Work Sandwiches".

What's a Work Sandwich? Well, you'll find out!

Circle work. Impulse control. Distraction proofing. The Puppy Limbo. Measuring wicket intro. Cradle & Massage. Game after game designed to build a beautiful bond of trust and teamwork between the fabulous puppy and their fabulous human!
